James Flynn is one of Australia's leading jazz vocalists singing the repertoire of Frank Sinatra, Nat King Cole & Bobby Darin, not as a mimic but as his own interpreter of tunes these artists made famous.

"James Flynn invariably gives an exciting and perceptive performance crafted from a unique fusion of intuitive talent and technical mastery. So it is easy to see why he is so much in demand... from Edinburgh to Hong Kong and from Dunoon to Down Under." - Evening Times (UK)
